

**TO ELIMINATE THE ASSOCIATION HAVING TO PAY A FEE TO TRANSFER
MONEY VIA PAY PAL, THE FOLLOWING STEPS WOULD HAVE TO BE
FOLLOWED:**

If you are paying directly from your checking account, you have to set up your bank account on PayPal. If you haven't done so, see the "Linking Your Bank to PayPal" in the Link above these PayPal Instructions on the Website. Once that is done the payment will come directly from your checking account with no fee to the Association. If you use this option, Pay Pal requires a back up funding source such as a credit/debit card. If the balance of the checking account is insufficient, the rest would be charged to your credit/debit card. If credit/debit cards are used without registering your Bank Account on PayPal to pay your maintenance fee/s, the Association will be charged a fee.

Step 1 - Log in to Pay Pal and select "Send & Request" from the menu.

Step 2 – Send Money - Enter the following e-mail address: vlimantzakis@gmail.com click next
